

Gorilla Trekking Rwanda

3 days

GORILLA TREKKING RWANDA.

3 DAYS

INTRODUCTION

The safari will combine gorilla trekking and a cultural encounter by visiting the gorilla guardian village. Gorillas live deep into the jungles of Virunga volcanoes which are shared between Uganda, Rwanda and Democratic republic of Congo. The tour will take you up to volcano national park which is a perfect inhabitant for mountain gorillas found in northern Rwanda borders with Uganda full of beautiful sceneries of thousands of hills.

ITINERARY HIGHLIGHTS

Gorilla trekking
Gorilla guardian village.

DAY 1: ARRIVAL KIGALI AND VOLCANO NATIONAL PARK.

The guide will pick you from the airport or place of residence and have a brief tour around Kigali the capital city of Rwanda where you will visit the Kigali genocide memorial center, kandt national museum and the presidential museum depending on the time, have lunch and after embark on the historical memorial tour to volcano national park. The journey lasts for 2 hours and 30 minutes from Kigali.

DAY 2: GORILLA TREKKING VOLCANO NATIONAL PARK.

After breakfast, the guide will take you to the briefing area to know about the whole day fascinating adventure into the wilderness of volcano national park and the expectations in the park. Here you will enjoy Rwandan dances and a cup of coffee as you wait for others to gather and also get tips on how to behave in the park like no flash on the cameras and after join a group which you will follow for trekking and the driver will drive you to the start of the trail to the allocated gorilla family. You will have leisure in the wilderness or decide to take an optional activity of visiting the twin lakes.

DAY 3: GORILLA GUARDIAN VILLAGE AND DEPARTURE.

To sum up the amazing tour, you will visit gorilla Guardians village to know some of Rwanda's history and cultures. Most of the people here are former reformed poachers who depend on the forest for survival and heavily contribute to the survival of mountain gorillas and the village operates at no profits. From here you will drive back to the airport or place of residence.

A close-up, high-resolution photograph of a gorilla's face. The gorilla has dark brown, textured fur and a prominent, wrinkled forehead. Its eyes are a striking reddish-brown color and are looking directly at the camera with a calm, steady gaze. The background is a soft, out-of-focus green, suggesting a natural habitat. In the top left corner, there is a solid green rectangular shape.
